ABOUT THE FOUNDERS

Ron and Catherine Tijerina are passionate innovators whose vision, skill, and experience allow them to be catalysts for change. As respected advocates for families, authors, and nationally-renowned speakers, their dynamic and inspiring leadership has transformed tens of thousands of lives across the country. Ron & Catherine’s ability to challenge the status quo to forge creative, effective, and evidence-based solutions is unparalleled in the social services field.

BREAKING CYCLES OF INCARCERATION

In 1991 Ron & Catherine experienced a profound tragedy when Ron was convicted of a crime he didn’t commit and sentenced to 14 – 25 years in an Ohio prison. In the midst of this unimaginable circumstance the Tijerinas discovered that there was little support for vulnerable families, especially families who had a loved one in prison.

During Ron’s time in prison, the Tijerinas began to unearth root causes of generational cycles of poverty, low expectations, and incarceration. Out of this discovery, they created the TYRO program. While Ron was overcoming the challenges of being a father and husband in prison, Catherine toiled to move beyond welfare assistance, empower her children, and keep their family intact. As they re-established their own family, they began to dream about how they could help others. In the year 2000, while Ron was still incarcerated, the Tijerinas founded The RIDGE Project and soon after launched their TYRO Program.

THE TYRO MOVEMENT

The RIDGE Project’s TYRO Program has developed into an award-winning, evidence-based, best practice curriculum. After Ron’s release from prison in 2006, the Tijerinas expanded their work to champion family-strengthening policies, programs and practices both on the state and national level. Their work has resulted in numerous awards and recognitions, including the SMART Marriages Impact Award, The White House’s Champion of Change designation, and Director’s Award from the Ohio Department of Rehabilitation and Corrections. Their efforts have shaped both state and federal policies and have created models for best practices in adult, youth and family social services worldwide.

MESSENGERS OF HOPE

Ron and Catherine deliver an inspirational and moving message of hope for all families. They have authored HIGH FIVE Love Never Fails which presents a recipe for healthy families built on five principles. The Tijerinas regularly appear in local, state and national print, radio, and televised media.

WHEN DADDY GOES TO PRISON

did you know...

5 MILLION

More than 5 Million children in the U.S. have had a parent incarcerated at some point in their lives.*

5 YEARS OLD

A child is not allowed to sit on his parent’s lap during a visit once he’s turned 5 years old.†

5 SECONDS

Children of the incarcerated are looked at as the problem by society. †

When a child with a parent in prison gets a present marked “from Dad” it gives him hope that his Father is trying to stay connected his life. †

Only 42% of fathers in state prison have had a personal visit with their children since admission. **

A child of an inmate sees his parent 3 times/month for 3 hours/visit at most. That's 108 hours out of 8,760/year. †
